REMIND Communication App

Dear Parents/Guardians:

Effective home-school communication is a hallmark of successful academic institutions. To build greater communication, The Academy Charter High School has implemented a new way for the school community to communicate; introducing **REMIND**, an app which provides a safe, quick means for communication between yourself and teachers, directly to your phones.

In order to use this communication tool, please follow the instructions below to set up an account to receive announcements from the principal. You may set up using the web browser or text messages as indicated below.
